Cape Town

TEAM H

Cape Town

The capital of South Africa is a beautiful city trapped in the ethereal beauty of Earth and the species living on it.

It is not an exaggeration to say that you will not be able to find a city like this anywhere on Earth

Why Cape Town?

Cape Town is a city that shines due to the harmony of Earth and the humans living in it. The number of natural wonders and man made wonders alone will cause you to consider moving into there.

How will your Adventure be?

A true out of the world experience. It is not everyday that you come across a Table mountain accompanied by one of the most visually stunning highway that has restaurants serving fresh, out of the water sea food.

Our best Restaurants

1. Salsify at the Roundhouse

Ever wanted to dine in a building that is not just a restaurant but also a National monument with a history dating back to the 1700s? Then you should probably map your way to Salsify.

2. The CodFather:

A paradise on Earth for fish lovers. With fishes coming in fresh every day, you can rest assured that none of them are frozen. They have everything from freshly displayed catch of the day to a Sushi Conveyer belt.

3. Surfshack Diner

It's safe to say that after having spent all your energy on the beach, you would kill to have a beach side view restaurant that serves mouth watering exotic sea food. That is exactly what Surfshack Diner has to offer.
